Subject: Ambrose Cell Tower Jack Lake South Location

At the Council meeting today, it was mentioned that Rogers has/had been looking for a potential tower location within a 2km radius.

Can you please provide for me a map if you have it showing the candidate area being considered.

Also I would appreciate if you could provide me with the contact name of Rogers representative so I can commence some communications to better understand the proposed tower design etc

I am hopeful there is a solution to this controversial issue and there is an immediate need for better information in an effort to work towards a solution to improve cell service while also addressing neighborhood and broader area concerns.

Thanks

A handwritten signature in black ink, appearing to read 'Ambrose Moran', written in a cursive style.
