Subject: Ambrose Moran Disaster Recovery Assistance for Ontarians DRAO

Today, I again contacted Minister Steve Clark in an effort to get an answer as to whether the Peterborough area including Jack Lake will be receiving provincial assistance for eligible property owners. See my e mail below

Can you possible determine from the Minister's office if any consideration is being given to assist the Jack Lake area in both North Kawarthas and Havelock Belmont Methuen. If a decision has been made not to assist, we need to know... in order to further deal with cleanup knowing no funding will be approve by the Province.

The May 21 storm most seriously affected Uxbridge Peterborough and Ottawa. Ottawa received a commitment from the Premier to cover Ottawa's cost for storm clean up along with allocation of 40 MNRF firefighters to assist in clean up including private properties. Uxbridge on or about June 17 was made eligible for DRAO funding but Peterborough has not received any assistance at this point.

I need to update folks on Jack Lake and ask that you provided me with an update asap

Thanks

A handwritten signature in blue ink, appearing to read 'Ambrose Moran', is positioned above the printed name and contact information.
