

Ambrose Moran Realty Inc. Brokerage

November 2021

Time has arrived to stop working, I am writing to let you know that I have decided to cease being a realtor and am in process of closing my Brokerage -Ambrose Moran Realty Inc.

With enthusiasm I am looking forward to more Ambrose time.

After 24 years, 18 years associated with Re/Max and the last 6 years operating my own independent brokerage, I feel I am quitting the best job in the world. It has been a very rewarding period of my life and I take immense satisfaction in being able to assist so many Buyers and Sellers clients. It has been very satisfying matching prospective buyers with suitable properties in the Apsley area.

I will forever be grateful for the support I have receive from those I have been able to work with. Nothing is more gratifying than receiving repeat business from past customers and the confidence expressed by those who have referred their family members, friends, and business association to me.

Again, this winter I plan on spending from November till April in Florida and if you ever happen to be in Naples, please call me and we can connect for a coffee or lunch.
