Subject: Re: Ambrose Jack Lake

Good evening Ambrose

Thanks for your email I understand what you are saying about location and it would be nice if we could get permission to use Crown land for brush. We have been doing what we can across HBM to provide places for brush. All of our transfer stations along with County depots are accepting brush. We have several areas with a lot of damage many still without phone or internet and some still no hydro. I have a meeting with our MPP next week and will see what we can get for assistance. I was up on Narrows Point road last Sunday looking at the damage. I will get back to you next week if I have any new information.

Thanks

Jim Martin
Mayor
Township of Havelock- Belmont-Methuen

Comment by Ambrose Appreciate at least hearing back from Mayor Martin -it is very strange under circumstances there would be an issue with using Provincial Public Lands to assist in time of need ...The location associated with Narrow Road is so obviously appropriate that it is already being utilized by affected property owners without waiting for approval !!!
See my posted communication with MNR in Bancroft

I did receive an e mail for HBM Clerk Bob Angione on June 13 advising that he had asked their Manager of Public Works to investigate the sites I had proposed
